

Signs of Spring

May M.

Dedication:

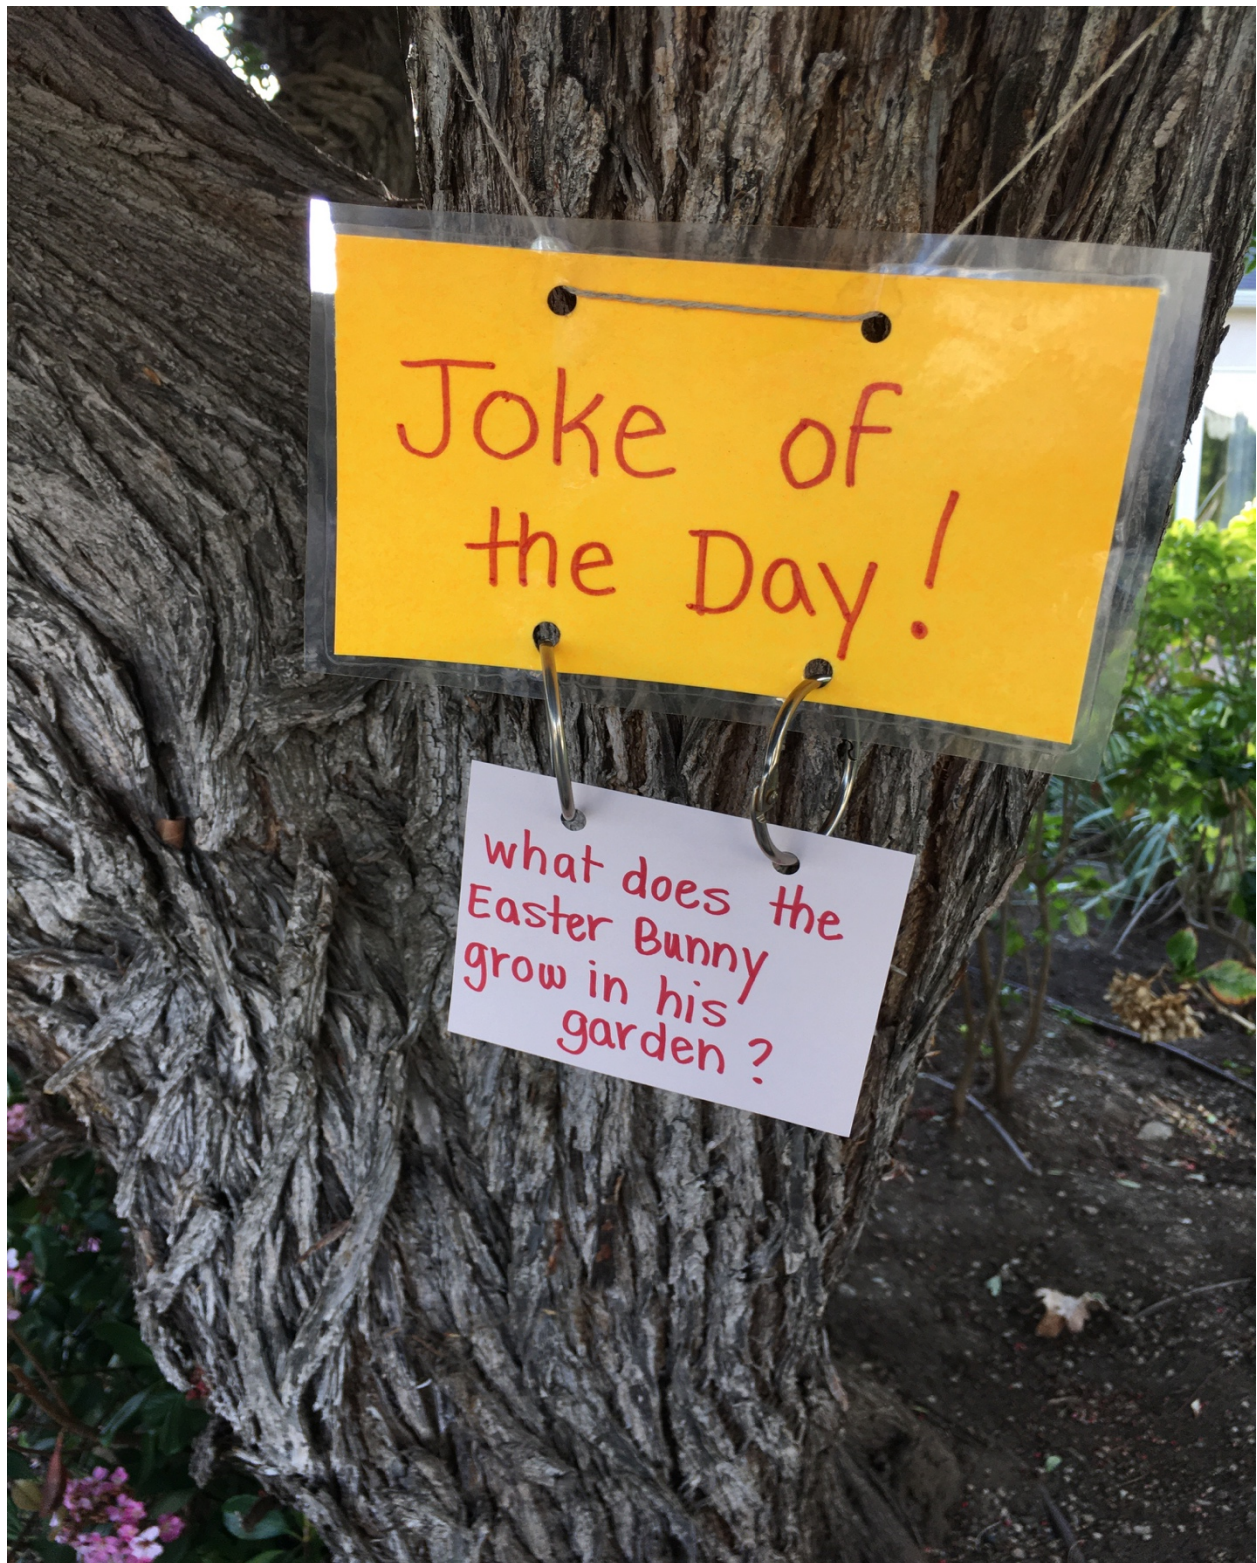

These photos are dedicated to the neighbors in my neighborhood.

Thank you for growing beautiful gardens and amazing flowers.

Special thanks to my neighbor who runs the “Joke Tree.” I probably took at least 200 walks during the pandemic and you helped bring a smile to my face each time.

A neighbor puts up a new joke on her tree every day.

This is the joke my neighbor put up for Easter.

Here's the punch line.

So many flowers!

A beautiful rose. This is one of my favorites.

This flower looks a bit like the sun.

Silly snail!

These flowers are called birds of paradise and they really do look like birds.

Happy Buddha!

These are a nice, bright pink.

What a busy bee!
